

FRANK BUNA

GET THE MOST PROFIT GIVE THE BEST EXPERIENCE IN EACH & EVERY CUP

Give your business a proven and sustainable competitive advantage.
Frank Buna empowers your business to achieve record profits.
We've been doing it for over 25 years.

INSTANT PROFIT

- Achieve maximum profit-per-cup transparently and sustainably.
- Immediately leverage local-market-specific sales opportunities.
- Spend less time preparing beverages and more time with your customer.

TURNKEY

- Completely automated with real-time consumption statistics.
- Maximize organization-wide efficiency with our flat adoption curve.
- Start immediately with modular design, remote service and centralized repair.

ZERO RISK

- Zero workforce training hours.
- No specialized operator expertise needed.
- End-to-end cloud-based updates and support.

QUALITY

- World-class coffee, tea and plant-based products.
- Delight customers with an entire spectrum of premium cafe quality beverages.

THEATRE

- Infuse beauty into your beverage delivery process.
- A fully automatic machine, with the aesthetics of its manual counterpart

CONSISTENCY

- Surgically precise process for all aspects of your beverage creation.
- Give customers a perfect experience each and every time.

GIVE YOUR BUSINESS AN UNFAIR ADVANTAGE
LOYAL CUSTOMERS WILL RETURN OVER AND OVER

REDUCE COMPLEXITY PREVENT SKILL SHORTAGES LESS HEADACHES - MORE PROFIT

Reduce business complexity

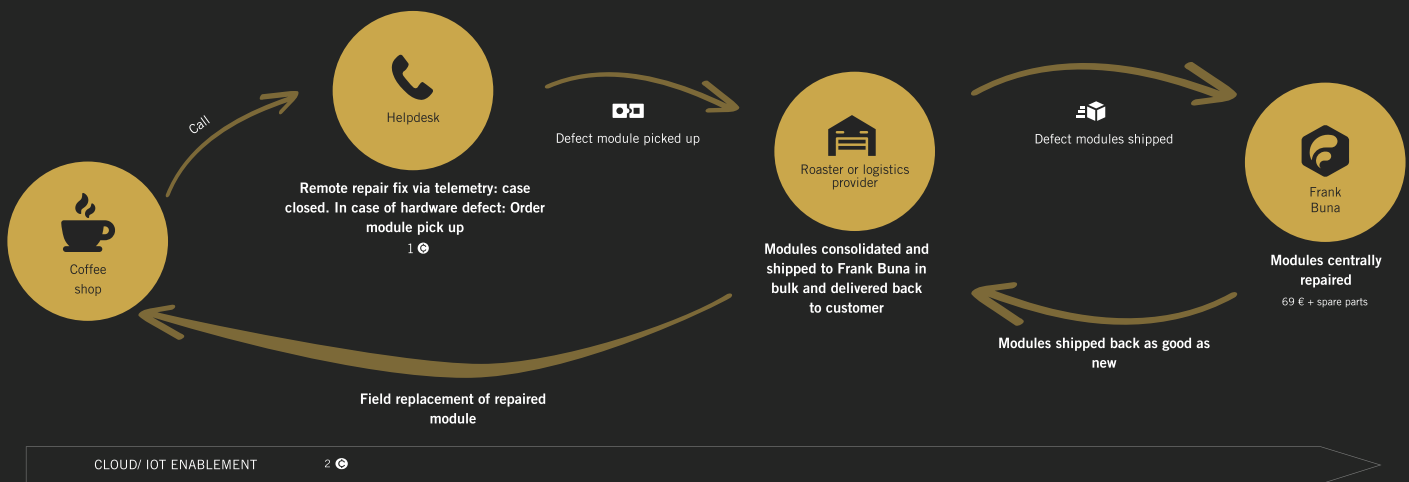

The modular engineering and remote support ensure that you can instantly adopt the BaristaOne concept without specialized engineers.

Simple Service

1st Level: Remote Helpdesk - simply sign on
2nd Level: Send parcels, swap on site, repair centrally

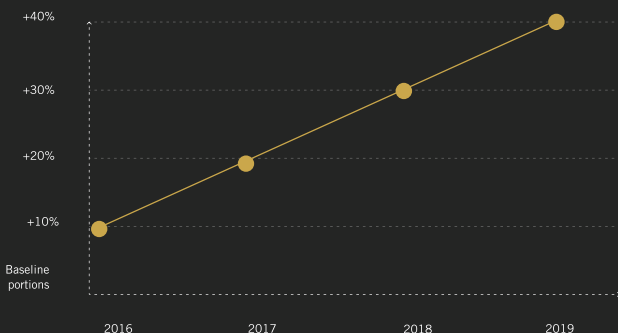

Deliver the best experience

Adopting the BaristaOne concept will put you ahead of the game in a market that increasingly values customer experience but struggles to find trained personnel.

GUARANTEED SUCCESS

Real example of year-on-year growth in portions sold from an operator with 700+ locations in Germany

Adopt "Pay per brew"

Full control of consumption enables payment for what has been sold. 100% loyalty included.

Automatically optimize every link in your supply chain

Cloud-based statistics and two-way telemetry are in the DNA of the concept, enabling you to start right away. End-to-end cloud-based updates and support.

Offer the largest drink variety

Delight customers with an entire spectrum of premium cafe quality beverages.
